

# CIRCUIT COURT CLERK

## *Communiqué*

**No. 1 • Feb. 12, 2025**

Greetings, Practitioners:

Welcome to the first edition of the Circuit Court Clerk Communiqué!

This new periodic briefing from the Office of the Circuit Court Clerk is designed to help keep you informed about important news, updates, deadlines and other relevant information affecting our office and our justice partners.

As you may be aware, the Kentucky Court of Justice is continuing its transition to an electronic court record system (eCourts) across the Commonwealth. We will utilize this advisory to apprise you about the future implementation of the new eFiling platform, File & Serve, and new case management system, Enterprise Justice.

We are excited about the opportunities and benefits with the coming change and new technology. We look forward to continuing the productive and professional partnership with the Bar, and we remain committed to providing outstanding service to all who interact with the courts, especially practitioners.

Stay tuned and watch your inbox every other month (or sooner if needed) for more updates, helpful tips and links to valuable information.

Thank you. – **David**
